Northwest High School Community Service Graduation Requirement

Thank you for providing community service opportunities for Northwest High School students. We ask that you validate the service by completing the information on this form. We remind you, and the students, that community service is defined as “unpaid” volunteer time. Services rendered for pay, or to complete volunteer time to be used for other purposes is not acceptable. If there are questions, Northwest High School personnel should be consulted prior to the completion of the volunteer time.

It is impossible for Northwest to define every volunteer service, which would be acceptable in meeting this requirement. We are fortunate to live in a community that provides so many opportunities. Help agencies such as: United Way, Goodwill, The Salvation Army, The American Red Cross, Big Brothers/Big Sisters, Habitat for Humanity, St. Francis Hospital and many more provide the opportunity to our students to complete their requirement.

Volunteer possibilities exist, and would be accepted by Northwest for such activities as: assisting and elderly neighbor with yard clean-up, taking part in a community trash pick-up, performing disaster relief within the community (sand bagging, tree removal, etc.), working with youth in a community sponsored program such as club soccer or softball/baseball and many more.

If you have completed community service, have a representative of the agency, or the person for whom the service has been performed, complete the portion of the sheet and present it to your counselor for entry on the “Accounting Form” kept in the Counselors’ Office at the school.

We have received many inquiries about when students can start this community service. While we encourage any age student to become involved in community service, these hours do not begin to accumulate until students are 9th graders. If you have any questions, please feel free to contact the Northwest Counselors’ Office at 385-6394 Ext. 5117. Thanks
